

loss::Loss::constantInitializer

```
graph RL; A[cboost::Compboost::trainCompboost] --> B[loss::Loss::constantInitializer];
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'loss::Loss::constantInitializer'. The box on the right is white and contains the text 'cboost::Compboost::trainCompboost'. A dark blue arrow points from the right side of the white box to the left side of the gray box, indicating a dependency or relationship between the two components.
